

A month is over since the end of Ramadan and a quarter is over for the current financial year for Helping Hands.

I wrote only one mail for our Ramadan activities and the response was overwhelming! Because of your kind support we could offer:

7000 kgs of grocery to more than **400 families**

625 kg of rice among **125 students**

200 new dresses

5 community dinners

Million thanks to all!!!

But please note: charity begins from Ramadan and not ends at Ramadan! And hence we seek your kind and continuous support on our education front. A few salient points:

- **70** Students are enrolled in Intermediate I yr
- **69** Students already entered into Intermediate II yr
- **25** new students are enrolled in Degree, with existing 45 students
- Books worth **Rs 2,78,784/-** were provided to **127** students
- 450 school students are looking at you for their tuition fee.

Engineering: Nisha and Dawar, children of a Tailor from QN admitted into KMIT and Mufakham Jah respectively. Tasleem (Vijayawada) into NRI Inst of Tech. Heena and Rukhaiya (both from Moula Ali) entered into III year. All our engineering students badly need laptops and we seek your support.

Chartered Accountancy: Askar & Zeba are waiting for their ICCP results (they will join as interns if they qualify this exam), Marzia has passed CPT and has joined ICCP and Kounain (QN) has joined CPT. Other students are also doing well in their professional studies.

Until this date Rs 31,12,772 are disbursed as against Rs 30,10,968 in 2016.
